

Phoenix House Career Academy

The Phoenix House Career Academy is an adult Business and Trade School accredited by the New York State Department of Education.

Phoenix House
Rising Above Addiction

The Academy

Students experience the benefits of learning and working in a treatment environment geared specifically to their recovery and vocational needs.

Along with GED classes and GED test preparation, the Phoenix House Career Academy offers six month training programs in the following high-demand fields:

- Building Maintenance and Mechanical Systems
- Carpentry and Woodworking
- Office Procedures / Computer Skills
- Culinary Arts
- Cosmetology*

* seven month program

Program Highlights

- State-of-the-art equipment and workshops
- A fully-licensed commercial teaching kitchen
- Vocational assessments and career counseling
- Employment readiness training and job placement services
- Post-employment support groups and individual counseling
- Highly experienced instructors, vocational counselors, and job developers
- A supportive recovery community

Combining vocational training, education, and substance abuse treatment – a recovery community for students

The Academy is co-located with a 240-bed residential drug treatment program for adult men and women, with an on-site medical and dental clinic. Students can live at the Academy or commute to class.

Education and Success

The mission of the Phoenix House Career Academy is to give students the tools and education they need to get the jobs they've always wanted.
